

**PROJECT: ZIACD – Zambezi Integrated Agro-Commercial Development**

**YEAR: 2014-15**

**COUNTRY: Botswana**

**CLIENT: SGI - Studio Galli Ingegneria**

### **DESCRIPTION**

Gismap is partner of SGI Spa in the ZIACD (Zambezi Integrated Agro-Commercial Development) Project in Botswana. The project objective is the preparation of a feasibility study for the realization of an irrigation scheme over an area of 45.000 Ha in Pandematenga region, in the North-East of Botswana.

Gismap providd consultancy for the realization of the the Value Chain study component, aimed at to determine the bottlenecks and opportunities available for the development of small scale and commercial farming in the area.

The study was conducted mostly on the field utilizing the action-research methodology, involving local stakeholder in order to determine the best model for an inclusive, active participation of the local community.
